Bicycle and Pedestrian
PLAN

Open Houses

American Legion
1260 Wall St., New Richmond
Tuesday, September 22, 2015 (6:00-9:00 pm)

Park Building
312 N Park St., Roberts
Wednesday, September 23, 2015 (6:00-9:00 pm)

Welcome!

Welcome to the first round of open houses for the St. Croix County Bicycle and Pedestrian Plan. This is an important event in this planning process and we greatly appreciate your attendance and participation. **Your input will directly shape the direction and outcomes of this plan.**

About the project – St. Croix County is developing a Comprehensive Bicycle and Pedestrian Facilities Plan in order to expand opportunities for biking and walking for transportation and recreation county-wide. This plan will align the on-road bikeway and trail planning efforts of the County Highway Department; the County Parks Division; and individual cities, villages, and towns. This planning process will also be used to identify priority bicycle and pedestrian enhancements for upcoming years.

About this Open House – The Project Team has prepared multiple activities and posters for your review. Please walk around the room and participate in each activity and engage others in conversation about the various topics discussed. Members of the Project Team are available to answer questions or listen to and record your input.

Project Overview Presentation (7:00) – At 7:00, members of the Project Team will introduce themselves and present a brief overview of the project. The presentation will focus on project objectives, primary strategies that will be utilized in the development of the Plan, and future input opportunities.

More Ways to Be Involved

We need your help to identify opportunities and challenges for bicycling and walking in St. Croix County! There are several ways to provide input and stay involved

Email Updates – Make sure you signed up for project update emails when you arrived.

Project Website – Visit the project website to learn about upcoming meetings and input opportunities and to learn more about the Plan: http://www.sccwi.us/bikepedplan

WikiMap– The project team has developed an online interactive mapping tool (referred to as the "WikiMap") for you to share your thoughts by identifying opportunities, barriers, and desired connections on the map. You can even add photos of favorite destinations, unique challenge areas, or anything else. Participate in the online interactive mapping exercise via this web address: http://goo.gl/CNuach
